

now you can
convert your
Ampex VR-1100 to
striking high-band color

The new Ampex Color Conversion Kit now offers broadcasters high-band capability with existing Ampex tube-type and solid state monochrome recorders. □ Color programming comparable to the best! □ This *all-band* color and monochrome kit includes switchable signal system (featuring famous Ampex high-band color), solid state intersync,

Amtec* time element compensator, Colortec*, video head assembly, head air supply. □ See your Ampex representative now, or see us at the NAB show in Chicago, March 27, 28, 29 and 30. □ (That monitor? We showed color to make a point; it's actually a monochrome Conrac CLD-14.)
